Intro:

C - D - Em - C - D - G

Verse 1:

When my heart is heavy,

By the things I see.

When my mind is flooded,

With the things un - seen.

Help me see Your goodness,

Until I be - lieve.

Cause You died to save me,

From my un - belief.

Chorus 1:

Breathe deep my soul of words that really matter.

Pierce Your light into the darkness till it shatters.

Help me to believe You are the only answer.

That Your words of life are all that really matter.

Breathe deep my soul, breathe deep.

Breathe deep my soul, breathe deep.

Verse 2:

When I've sold my longings
For an empty gain.
And when my peace runs out
And I feel ashamed.
Help me to remember
That You bore that shame.
And You brought redemption
By the life You gave.

Chorus 1:

Breathe deep my soul of words that really matter.
Pierce Your light into the darkness till it shatters.
Help me to believe You are the only answer.
That Your words of life are all that really matter.
Breathe deep my soul, breathe deep.
Breathe deep my soul, breathe deep.

Bridge:

Breathe deep my soul,
The Lord has con - trol.
Breathe deep my soul,
The Lord has con - trol.
